A380 flies to San Francisco

Starting from March 30, 2014 and throughout the 2014 summer season, Air France will serve San Francisco daily by the A380, the largest super jumbo in its long-haul fleet. This Airbus is already a new reference in terms of air transport and the environment. In addition to unparalleled comfort in a spacious cabin, the A380 offers a particularly quiet cabin and is more fuel-efficient, generating fewer CO₂ emissions.
