

### **Premium Economy..**

Air France's Premium Economy is a separate cabin located between the Economy and Business Class. This product offers customers 40% more personal space in fixed-shell seating. The new design also features extra amenities like power ports, new seat cushions and improved leg in addition to 12 inch HD touchscreen entertainment. With these new details, Premium Economy passengers get more than just legroom – and they also have access to priority check-in and boarding with SkyPriority.

### **Economy**

Economy class on long-haul flights provides great value with personal on-demand entertainment, ergonomic seats, and complimentary wine, beer and Champagne. The new seat offers enhanced comfort, as Air France has added legroom and wider tray tables. Inspired new textiles adorn the cabin, including cushions with six different designs featuring the Air France Accent. Passengers can also enjoy wider, nine inch personal touchscreens equipped with 1000 hours of programming in 12 languages.
